

TAKE CARE BE PROP AWARE

TAKE CARE BE PROP AWARE

Boat propellers pose a risk that is easily ignored because they are under the water, 'out of sight and out of mind'.

So always watch the prop and remember:

- Ensure the prop area is all clear before starting the engine
- Keep a proper lookout, especially when near swimmers
- Stay out of designated swimming areas
- Observe 'distance off' rules
- Keep all arms and legs inside the boat
- Wear a kill-switch lanyard when boating alone.
